SPONSORSHIP FORM

Official Charities

The official causes benefiting from the 2018 Standard Chartered Jersey Marathon are Jersey Hospice Care and Seeing is Believing. Every penny you raise via sponsorship will be divided equally between these two organisations.

Jersey Hospice Care supports approximately 450 people with terminal and life-limiting conditions each year, providing a holistic approach to care, incorporating physical, emotional, social and spiritual aspects. They also have an important role in supporting people's families, especially in providing bereavement support. More than 370 people receive bereavement support from them each year. They support people with a wide range of conditions including (but not limited to) cancer, motor neurone disease, cardio-vascular diseases, dementia, multiple sclerosis and Parkinson's disease. Currently more than half of their patients do not have cancer. The majority of hospice care (80 per cent) is provided in community-based settings, including home, care or residential homes, hospital and Day Hospice. More than 400 people give their time to volunteer for Jersey Hospice Care each year, with many others helping to raise the £5.9 million it costs each year for their adult services. Seeing is Believing is a charitable initiative to tackle avoidable blindness around the world. Launched in 2003 by Standard Chartered Bank, Seeing is Believing has grown into a global project which helps prevent, treat and cure blindness across the world. In collaboration with the International Agency for the Prevention of Blindness (IAPB) and leading international eye-care non-governmental organisations, Seeing is Believing improves access to eye-care in communities where help is most needed. Every pound donated to Seeing is Believing is matched by Standard Chartered and through this model, we've raised more than USD86 million (over GBP50 million). For more information please visit www.seeingisbelieving.org.uk.
