## Is there a warm up?

No. Marathon runners do not have a warm up session and will need to warm up themselves.

## Where does the race number go?

You must pin your race number on the front of your race top. Safety pins will be available for collection when you pick up your race pack at Registration.

## Are you allowed to alter your race bib?

It is against the rules of the race to amend your race bibs in anyway, if you do amend your race bibs runners may face disqualification. This year race bibs will be a standard size and measure 220mm width X 210mm height, please ensure your race outfits will allow your race bib to fit comfortably on your front of your race top.

## Will I be able to tell if a runner is participating in the Marathon or the Ravenscroft Relay Race?

Yes. Marathon runners have a bib with a green background. Relay Runners will have red bibs and they will also wear two bibs (one on the front and one on the back).

## How are the times recorded?

Times will be recorded in two ways – Gun Time and Chip Time.

- ❖ The Gun Time is the time from the sound of the starter's signal to the time when the runner crosses the finish line. Also known as the Official Time.
- ❖ The Chip Time is the time from when the runner crosses the starting mats at the start line, to the time when the runner crosses the finishing mats.

These two times will vary.

## Where is my timing chip?

Your timing chip will be embedded within the race bib. Please see the image of the back of the bib to show you what you should expect.

## How are winners determined?

Gun time is the Official Time and all awards are based on Gun Time.

This is based on the International Associations of Athletics Federations (IAAF) Road Race Handbook, an excerpt explains the decision: "For road races and road walking events, the official time will be the time elapsed between the start gun and the athlete reaching the finish line. However, if an athlete crosses the start line after the start gun, his time elapsed between the start and finish line can be made known to the athlete but will not be considered as official time. The order in which athletes reach the finish line will be considered as the official finish position."

## Will my time be on the official Jersey Marathon website?

Yes. Chip times will be published on the website within 48hrs of the race.

Please complete all details below in **BLOCK CAPITALS** using a ball point biro / waterproof ink. Only the registered participant should wear this bib number. *The swapping of numbers is prohibited.*

## Which side of the road do I run on?

Runners **MUST** stay on the left hand side of the road unless directed otherwise by the Police or by a Race Official. Your safety is paramount and failure to comply with this rule will not only put yourself and others at risk but will also potentially lead to your disqualification from the race as per Rule 215 of the UKAA.

## What do I do if I have to drop out?

If you have to drop out of the race for any reason please contact the nearest Race Official marshal. If you need medical assistance they will arrange this. It is **vital** that you let us know that you will not be completing the course and that you are fine.

## Can I run with my headphones/earphones in?

Headphones/earphones that sit in or over the ear remain against the rules of UK Athletics and therefore are not allowed on the Jersey Marathon course. This is for your safety, as the race is not on entirely closed roads. If you are listening to music, you may not hear traffic or the instructions of the Police and Race Officials. This is clearly stated in the Official Race Rules and you may face disqualification if you do wear such equipment, as this is not covered in the event insurance policy. Police and marshals are instructed to remind you to remove any headphones, so please respect their actions. Any reported mistreatment of marshals from runners will likely lead to disqualification.

UK Athletics recent update on rule number 240 S5 – Headphones that work by conduction sound through bones and do not sit in the ears are acceptable. Hearing is not affected as the ears are not blocked, based on this rule updates the Jersey Marathon will permit bone conducting headphones.

## Can I rollerblade or cycle during the race?

No. No wheeled transport is allowed on the course. The Official Race Rules outline the details of what is permitted.

## Can my friends follow me on their bikes?

No. This is against UK athletics rules and therefore runners who are being followed by friends on bikes could face disqualification from the race.
