

# OFFICIAL CHARITIES 2011 - 2024

## OFFICIAL CHARITIES

For 2024, all local Jersey charities who are linked to SportsGiving, will be automatically added to the official fundraising drop down list on the Race Nation entry platform. This means it is easier than ever for you to raise money for local charities that are close to your hearts!

The Standard Chartered Jersey Marathon will continue to raise money for Futuremakers, where a percentage of your entry fee will be donated to the Standard Chartered's global initiative which focuses on tackling inequality and promotes greater economic inclusion for young people in our communities.

Over the years the Standard Chartered Jersey Marathon is extremely pleased to have welcomed a huge number of charity runners who have fundraised phenomenal amounts for their own chosen charity. If you are running for your own chosen charity and wish for us to share your story via our social media channels? Be sure to tag us @JerseyMarathon in your posts so we can share with your fellow runners.

If you are a charity and interested to learn more on how you can use the Standard Chartered Jersey Marathon as a fundraising
